Insurance for Cyber Risks

“As the pace of technological innovation continues unabated, professional service firms including lawyers, are becoming increasingly reliant on computer networks and data. Firms must consider the consequences to their business in the event of potential cyber incidents, in view of the highly sensitive nature of the data collected by the firm.

The insurance industry has responded to this growing exposure with a number of new policy solutions which offer protection from many unanticipated costs associated with a cyber incident e.g. cyber-attacks, denial of service attacks, cyber extortion or ransomware, loss of data etc.”

Would you like receive more detailed explanation (by email and/or phone call) of the coverage for these risks under your existing Professional Indemnity Insurance and what specific Cyber Insurance can do to protect your firm? :

Yes No
